

Recycling ATM
cashPod 6000R

Recycling ATM cashPod 6000R

The cashPod 6000R is the most versatile intelligent cash recycler ATM that reduces the costs and risks associated with manual cash replenishment and servicing by making deposited banknotes available again for cash dispensing using a single shutter. Deposit automation functionality for cashPod 6000R, brings high-capacity cash deposit and recycling terminal with a compact footprint. Unlike envelope deposits, this technology allows for validation of currency during the deposit, immediate credit to the consumer's bank account.
